Notification of New Products

Dear valued customer,

We are pleased to announce that we will release additional new models for the stationary surface temperature probes “**Model WE series**” on May 28,2018.

- 1 . Product : Self-supporting surface probes “**Model WE series**”
**Additional new models : WE-13E/K, WE-14E/K, WE-23E/K,
WE-24E/K, WE-33E/K, WE-44E/K**
- 2 . Features :
 - **Grip model**
Because the additional model has a grip, there is no need to close your hand to high temperature target. So you can measure temperature safely and easily.
In addition, the grip is detachable as necessary at any time.
 - Self-supporting probe
WE series probes can be used to measure temperature simply by placing the probe on the measurement target.
- 3 . Release date : **May 28, 2018**
- 4 . Price : Please ask our distributors or local dealers in your area.
- 5 . Availability : 1 week
- 6 . Repair : **Repairable**

Yours sincerely,

Koji Senbokuya
